SPRING JOY

JANETTE MASON, ARTIST IN RESIDENCE

Spring is such an exciting time of year, renewal, rebirth and the expectation of what is to come. It also happens to coincide with a significant Birthday for me.

I've had this past year to reflect on how I would like this next chapter to be and had a chance to start shaping that vision.

It would be easy to look back and focus on how difficult a journey being a female musician has been but that's not my style...it has been an amazing rollercoaster! I've had the opportunity to collaborate with some incredible musicians, play with some of the Top Pop Acts and be inspired by the young musicians whom it is my privilege to teach.

Given that time is precious I decided to reignite a project that started before the pandemic:

AYRA**featuring two of the UK's most sought after vocalists****Juliet Roberts and Vimala Rowe.**

We are all women of a certain age who bring our diverse musical backgrounds, personal history and love of life to bear on the music we are creating together.

To say it's a pleasure to be in such creative company is an understatement, we bring out the best in each other and amongst all the teas, coffees and occasional biscuits we have written a suite of songs that I am immensely proud of.

Songs of joy, heartbreak, deceit, coming of age and acceptance, underpinned by an infectious groove and a jazz sensibility.

So we would really appreciate it if you come out to support us on our debut performance here at **The Exchange**
Friday June 30th, 7:30 pm.
